

Pristine Air®

Give Tonna Mechanical a call at 507-288-1908 to set up your install.

CUTTING-EDGE TECHNOLOGY

BYPASS HEPA SYSTEM

STEAM HUMIDIFIER

UVC/UWV GERMICIDAL/OXIDIZING SYSTEM

POLARIZED ELECTRONIC AIR CLEANER

PRISTINE AIR OFFERS A FULL RANGE OF INDOOR AIR SOLUTIONS

Did you Know?

Your heating and cooling system moves 1.4 million cubic feet of air per day containing visible and invisible contaminants.

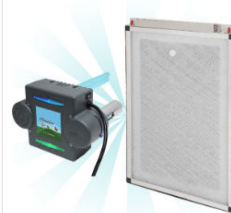

“A dirty filter will slow down air flow and make the system work harder to keep you warm or cool – wasting energy and leading to expensive repairs and/or early system failure.”
– EnergySTAR®

“A buildup of .042 (1/20) inches of dirt on the heating or cooling coil can result in a decrease in efficiency of 21%”
– Environmental Protection Agency

IAQ 4000

- Polarized Media Air Cleaner
- UVC/UVV Germicidal/Oxidizing System
- Bypass HEPA System
- Collects 99.97% of particles from 200 to .3 microns
- Disinfects and Deodorizes your air 24 Hours a Day Naturally Without Chemicals

All the benefits of the IAQ 3000 plus:

HEPA Bypass System - The Ultimate in Filtration
This is the OPTIMUM Home Indoor Air Quality Package

HEPA Filter

Adding the High Efficiency Particulate Arrestance (HEPA) doubles the speed of particle removal. HEPA filters are used in hospitals because they are considered the best filters on the market today. HEPA filters were originally developed by the Atomic Energy Commission during World War II to remove hazardous radioactive dust from manufacturing plant exhausts.

In order to receive a HEPA filter designation, a filter must collect 99.97% of a specific particulate that measures 0.3 microns in size, in tests established by the Institute of Environmental Sciences. The Pristine Air® Bypass HEPA system is 99.97% effective at .3 microns and removes particles as small as .01 microns.

IAQ 3000

- Polarized Media Air Cleaner
- UVC/UVV Germicidal/Oxidizing System
- Bypass HEPA System
- Collects 99.97% of particles from 200 to .3 microns
- Disinfects and Deodorizes your air 24 Hours a Day Naturally Without Chemicals

All the benefits of the IAQ 2000 plus:

- Excellent Whole House Germ and Gas Control
- Controls Odors
- Can Control Other Ailments Caused By Gas Contaminants

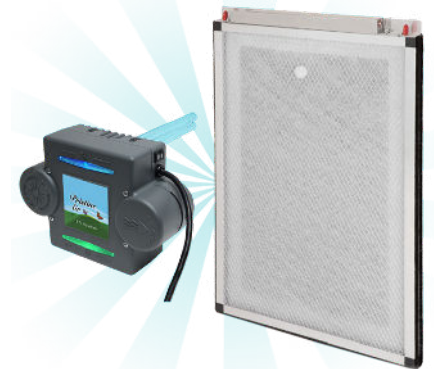

IAQ 2000

- Polarized Media Air Cleaner
- UVC Germicidal
- Collects 97% of particles from 200 to .3 microns
- Disinfects 24 Hours a Day Naturally Without Chemicals

All the benefits of the IAQ 1000 plus:

- Excellent Whole House Germ Control
- Fewer Cold and Flu Episodes

IAQ 1000

- Polarized Media Air Cleaner
- Collects 97.0% of particles from 200 to .3 microns
- Excellent whole house particle control
- Electroplates particles to media pad from 200 - 0.3 microns in size
- Can relieve allergy symptoms
- Can reduce asthma attacks
- Keeps your heating and cooling system clean and running at peak efficiency
